The info was exactly what I needed at the right time – practical and helped me create a system for handling cases. That was one of my biggest issues – how to set up the files in a logical way – and you answered that. Thank you!

Well Michael – you said it would happen...and you were right! As of yesterday, I’ve booked just over \$62,000 in tax res work! This is in just a little over 2 ½ months! I’ve been putting out the word – mailing letter to existing and some former clients, other referral sources such as attorneys, realtors, etc. And I’ve done all of this with no employees and no other support staff in a fairly small town of about 125,000.

Joe Gray-CPA
